KiCad E.D.A. kicad 5.1.6+dfsg1-1

Rev: 2.0

Id: 5/14

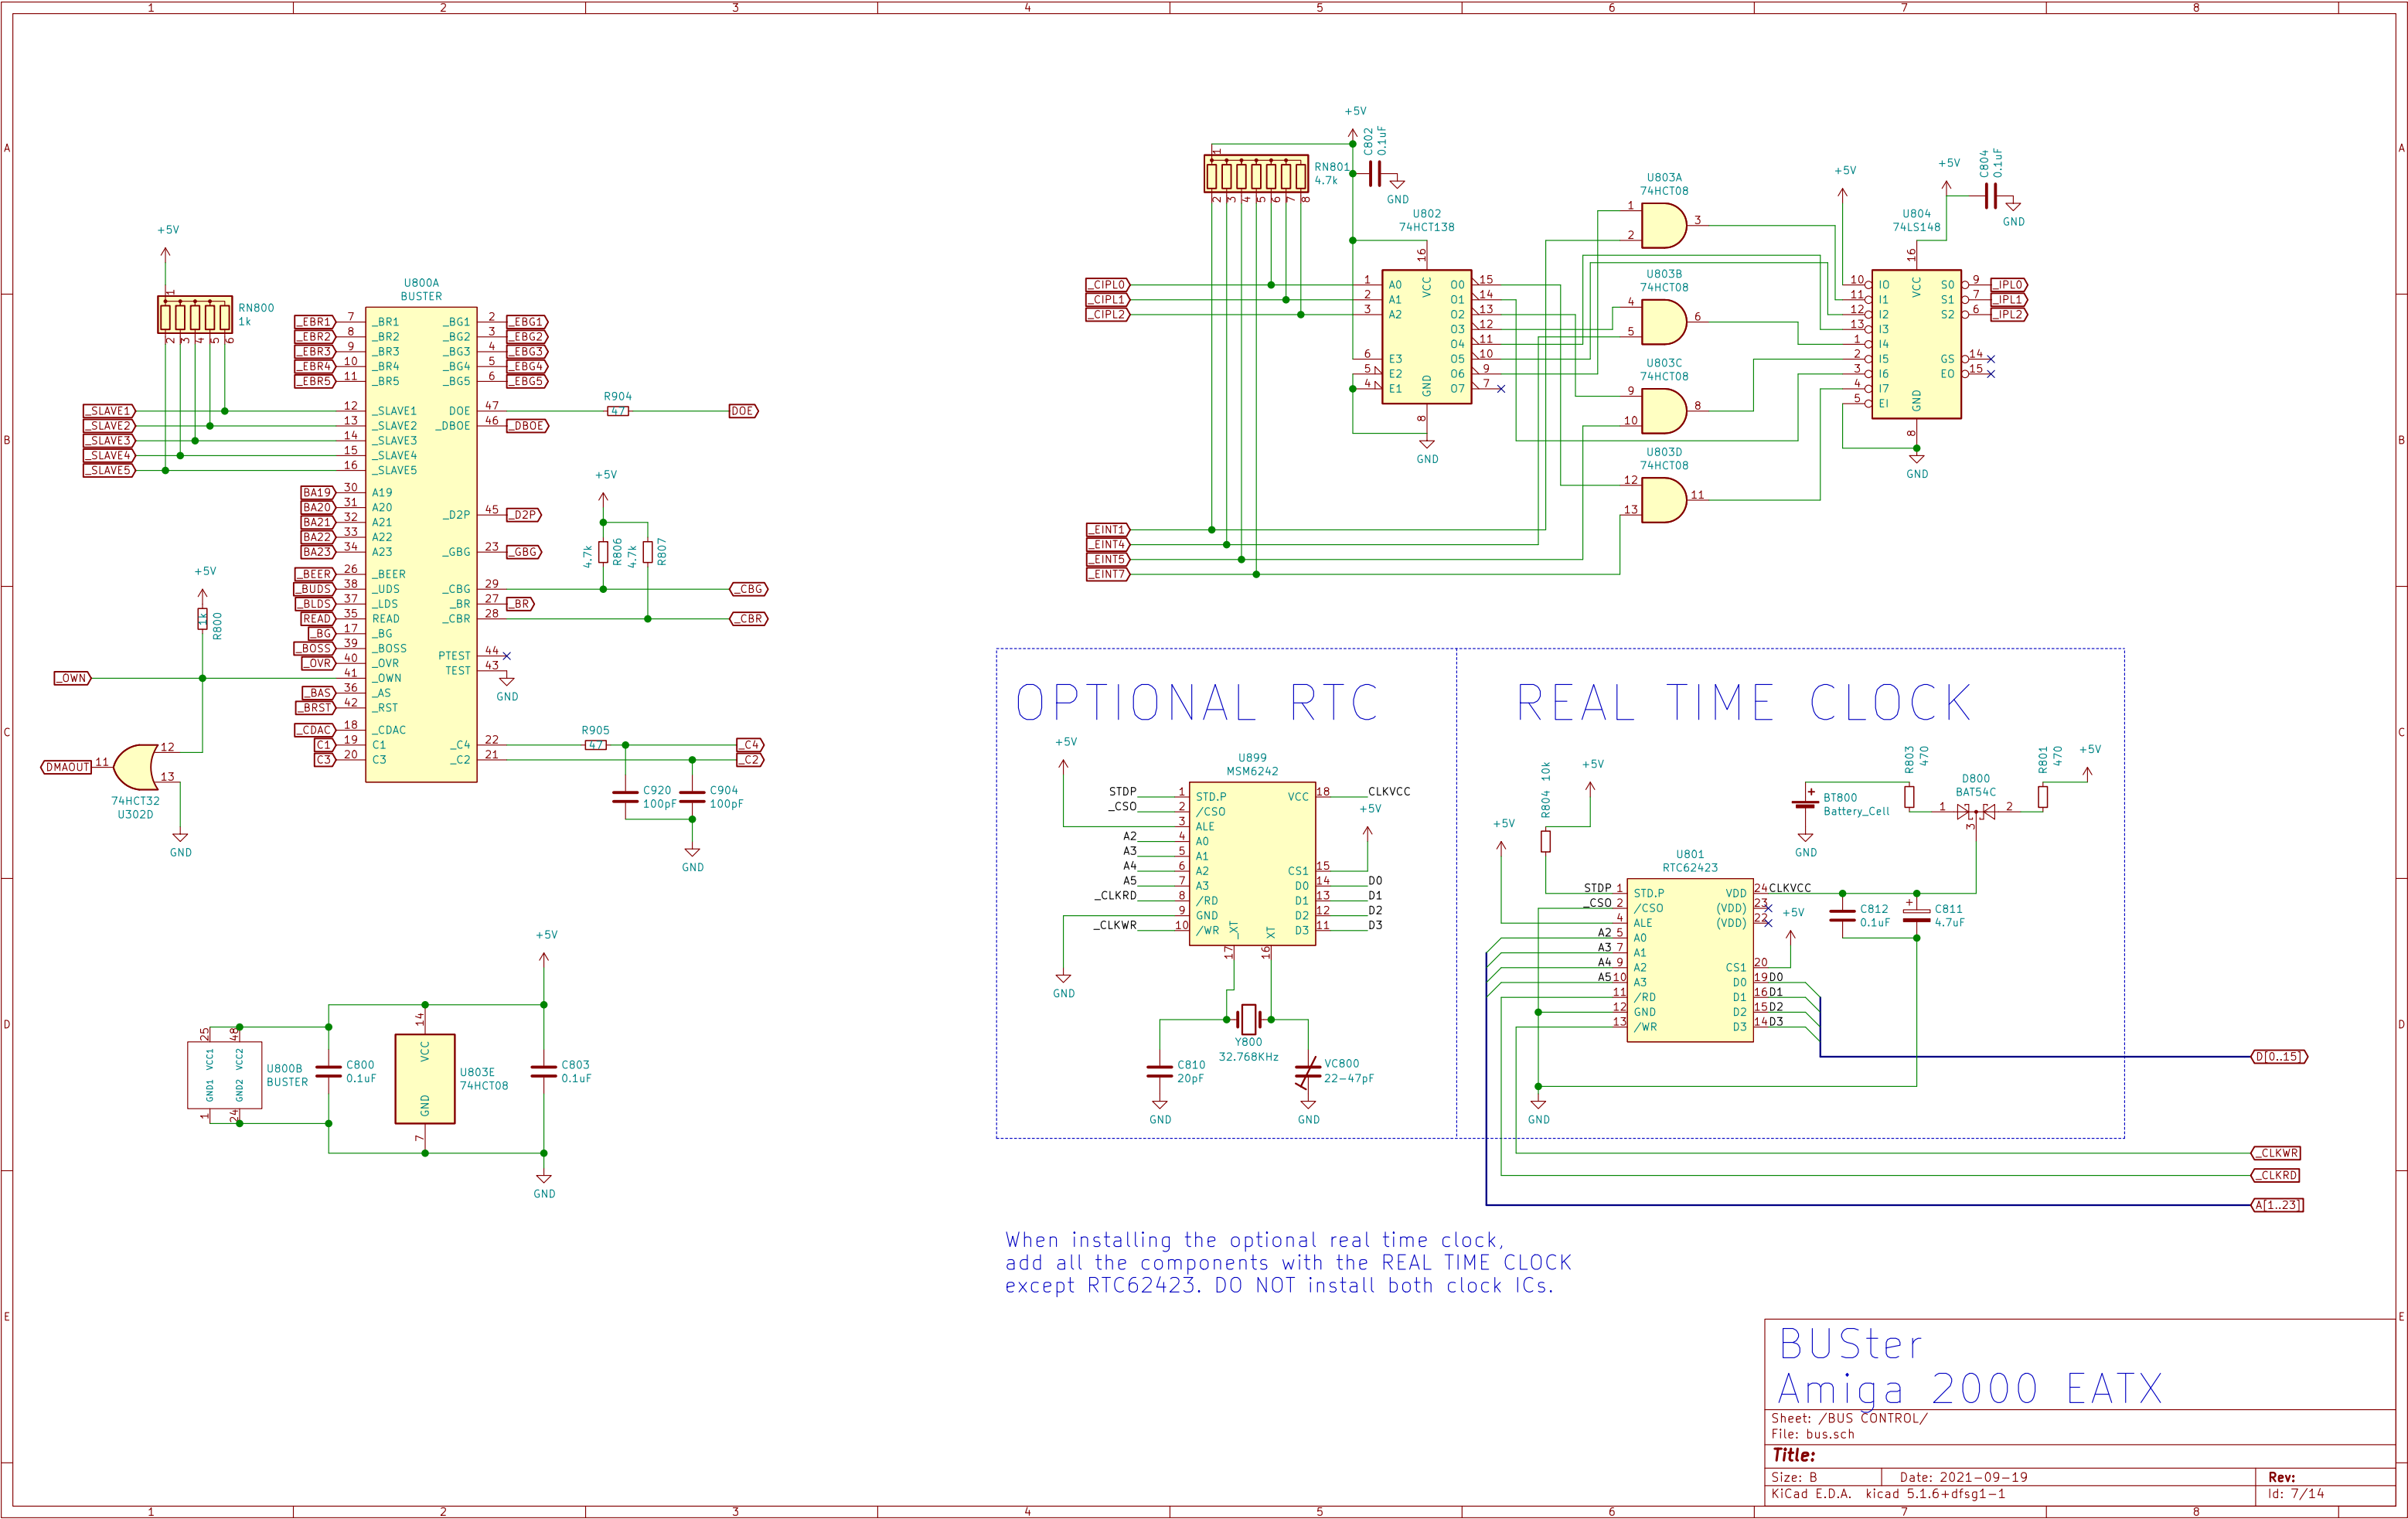

COMPVID is composite video. The composite jack has been removed from this project, but signal is still available on the video slot.

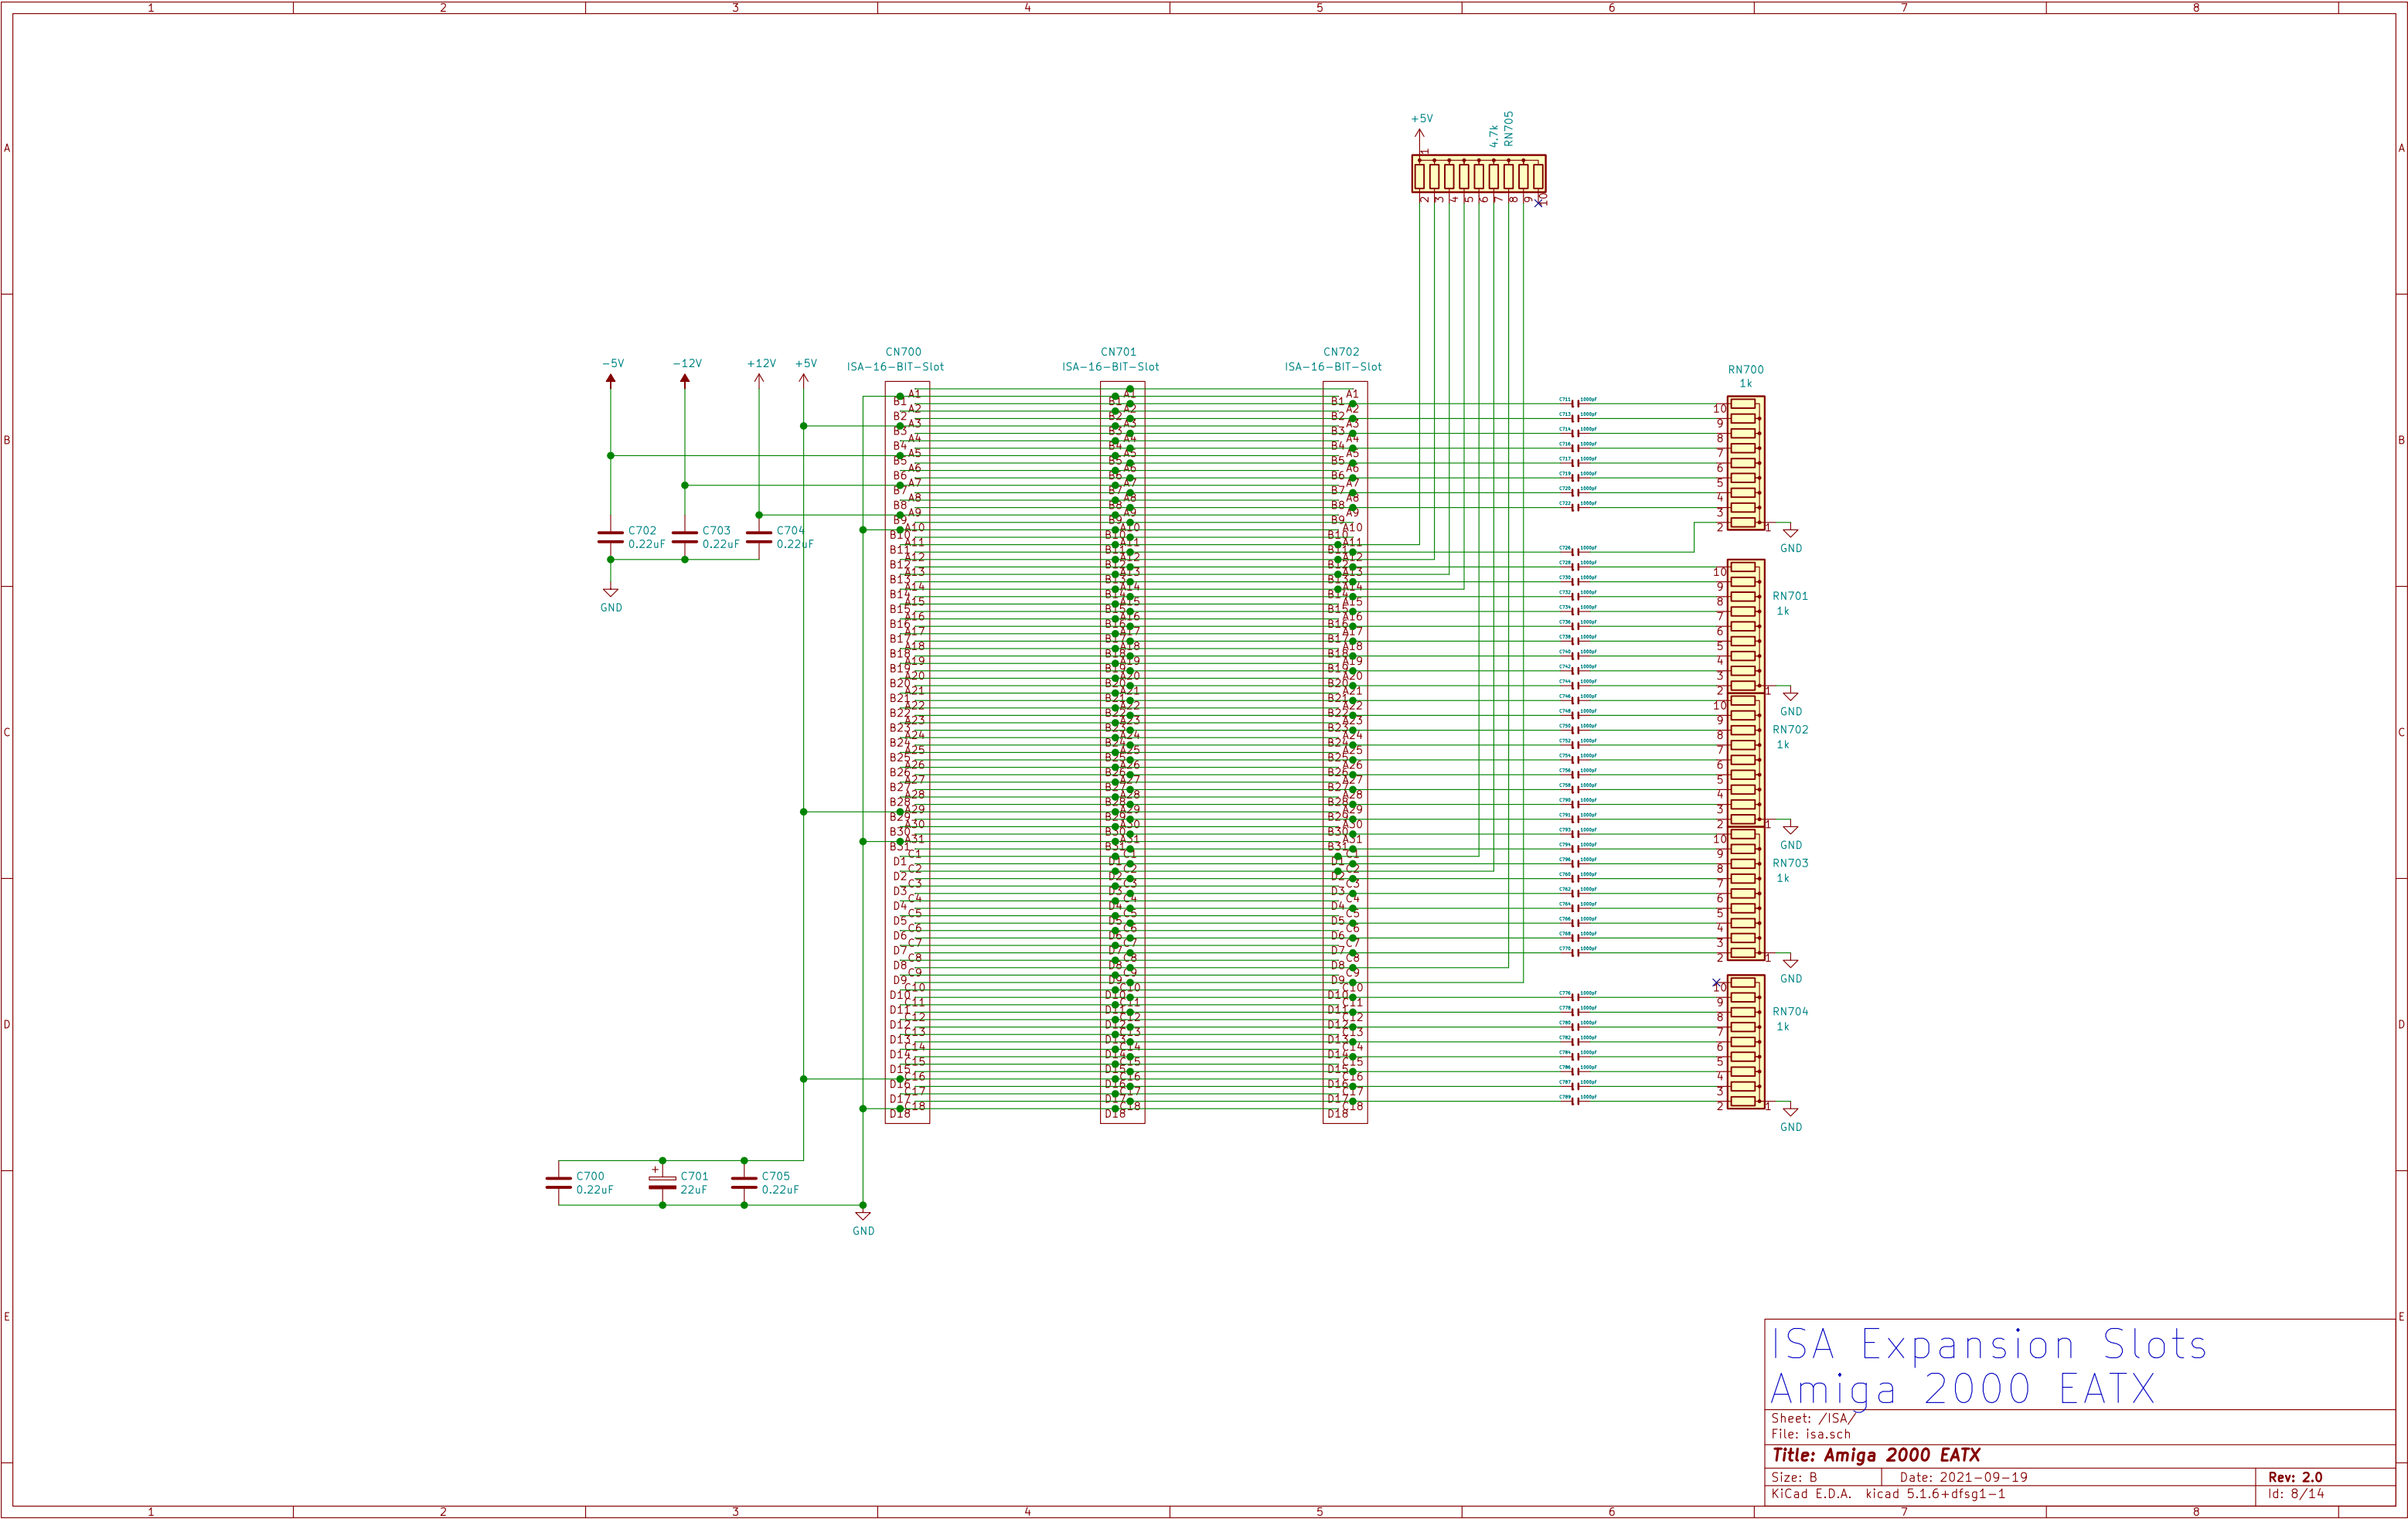

J9004 can be set to supply HSYNC or COMPSYNC to pin 13 of the video port. This is useful to support most any compatible monitor or adapter.

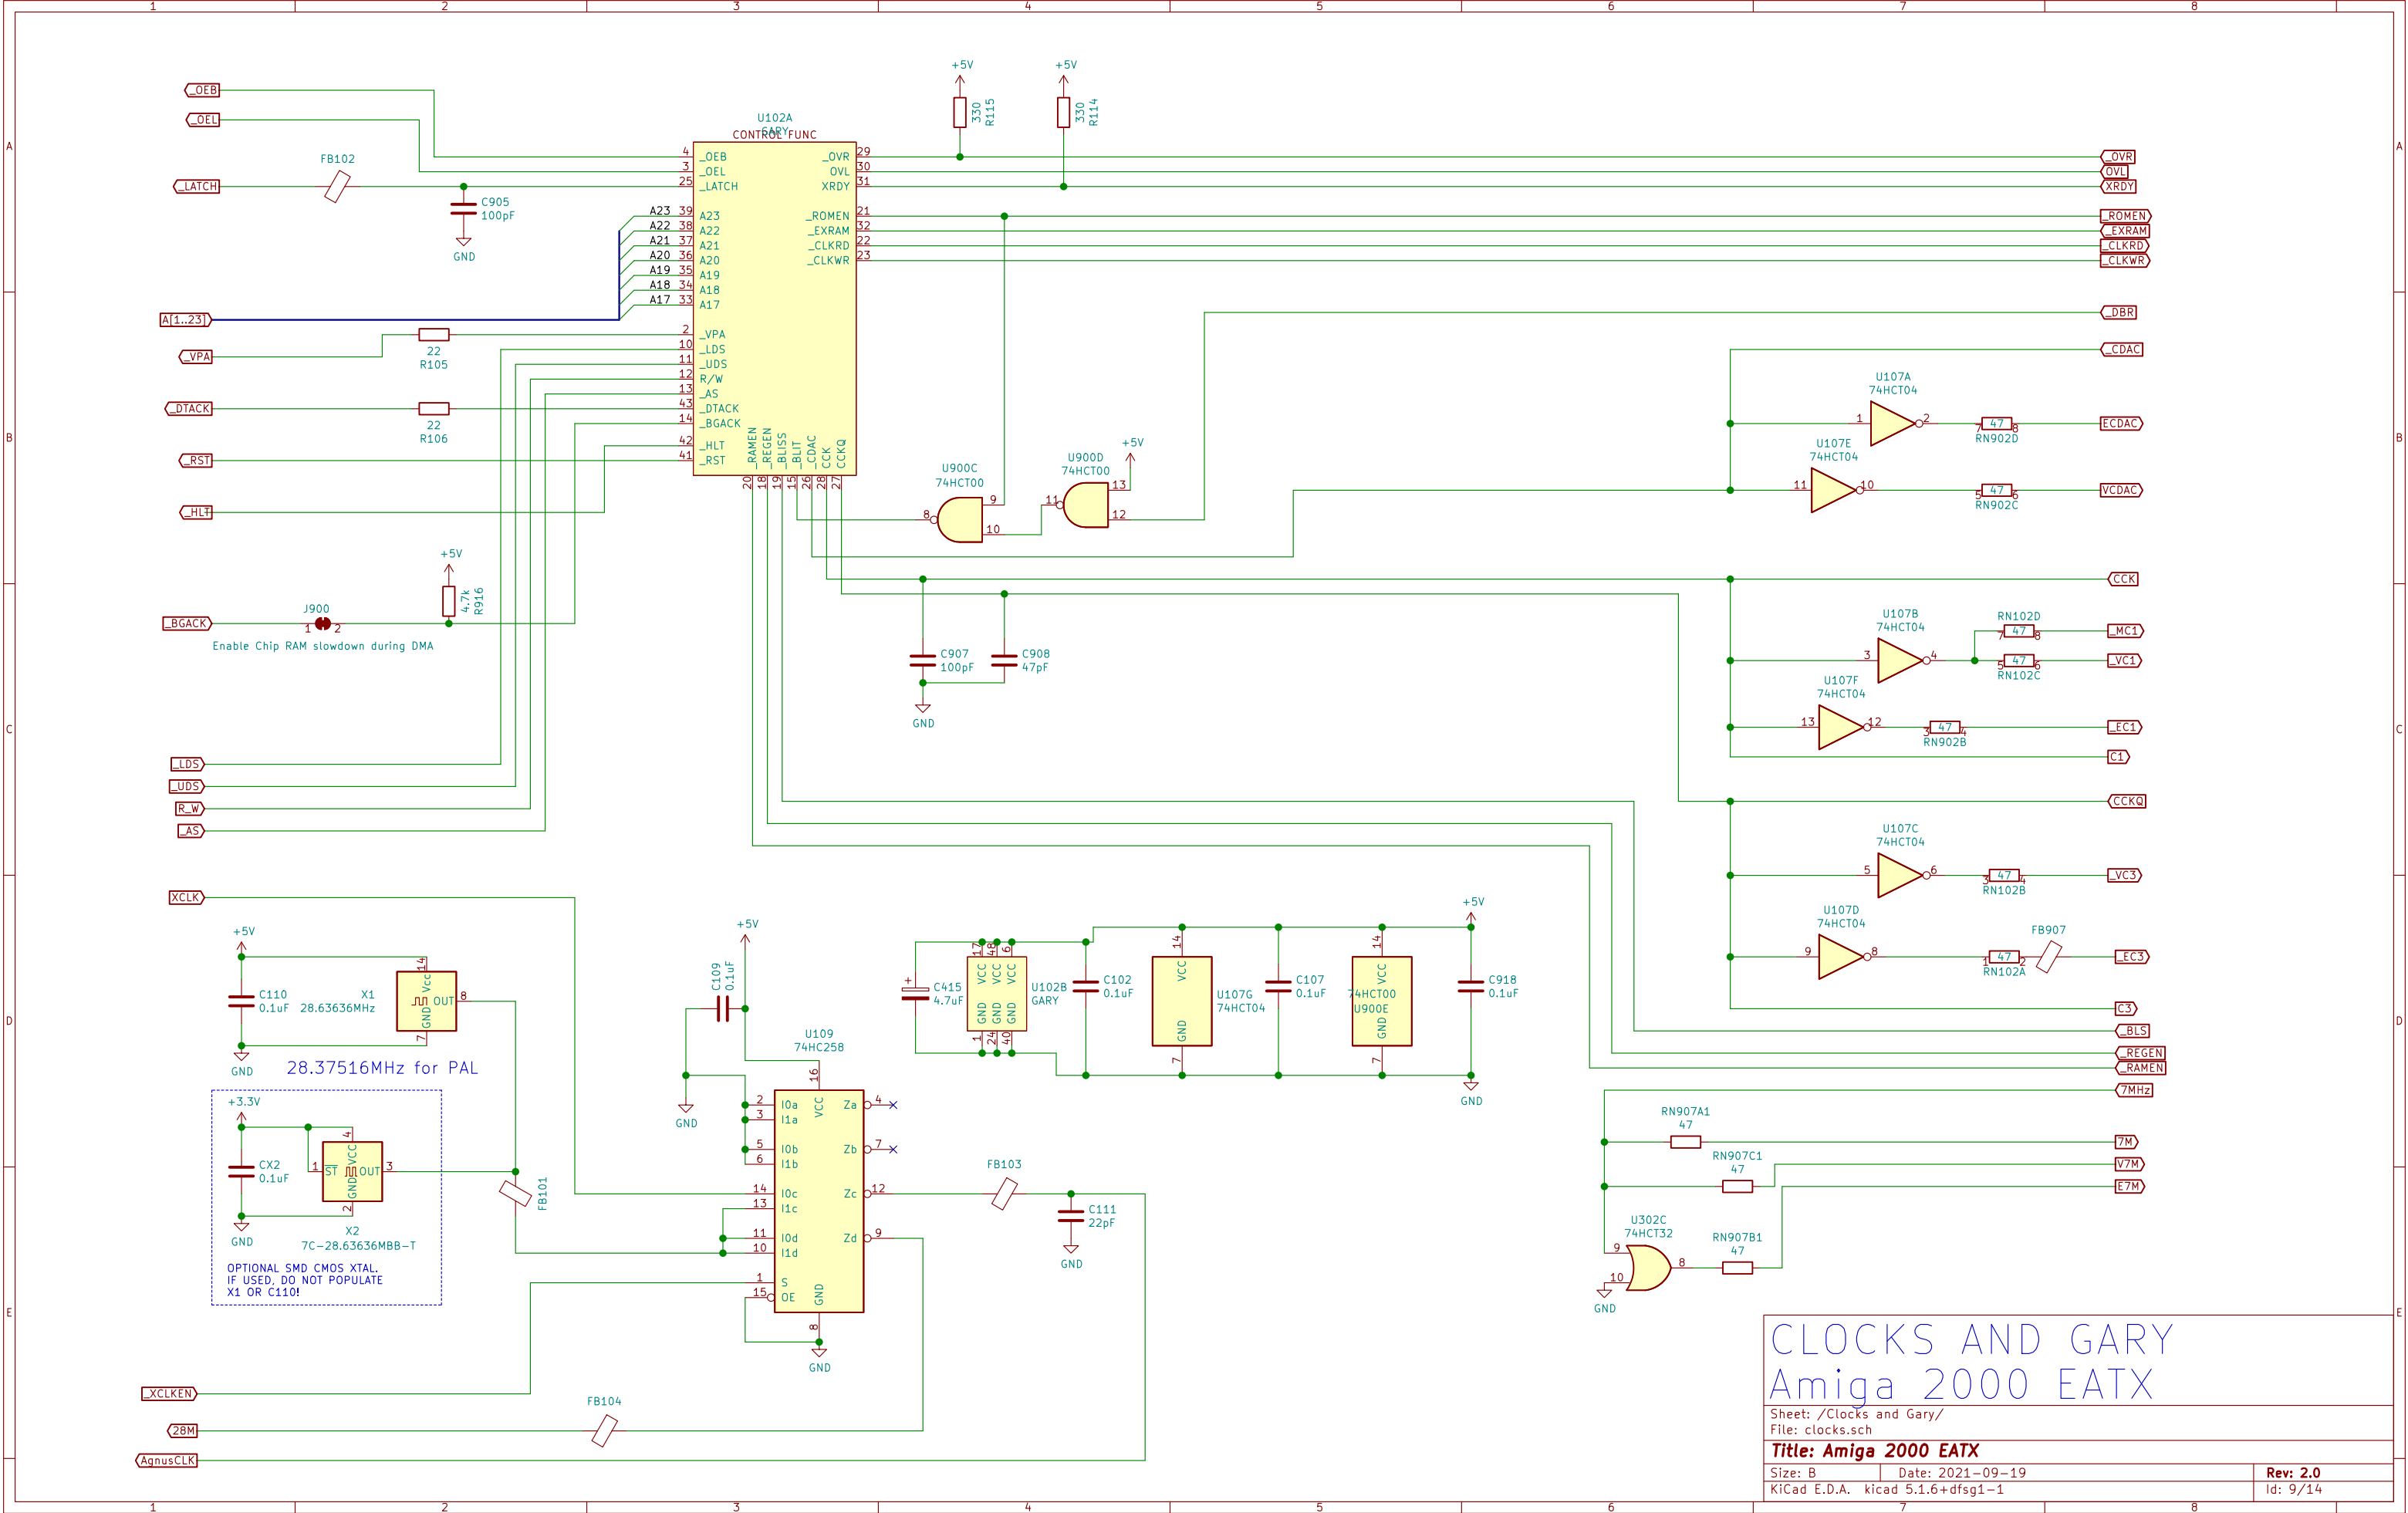

As per C= factory assembled boards, omit RP904, RP905, and RP906. Not shown.
